Average size of people and rafts are controlling factors on price. The number of people (180# bag 30#) and rafts (16' hypalon with basic frame and cooler) are only a guideline on approximate weight. Please be specific when filling out your load form.

If load is larger than specified and an additional trip is necessary you will be charged for an additional boat, please pack honestly.

### How It Works:

Morning pick-ups are best for both parties if you get picked up at your last night campsite, enabling you to get into your last camp in the afternoon and have time to de-rig, wash, dry, and roll your boats in the privacy of your own camp. We will meet you the following morning around 9 am and start loading.

Afternoon pick-ups need to be ready to load when boat arrives at scheduled time. You may incur an additional charge of \$100 per hour if boat is not loaded and ready to leave 1 hour from pre-scheduled meeting time.

We can accommodate any size of group with our 7 boat fleet.

### Terms and Conditions:

A \$400 deposit is required to confirm your shuttle, your deposit is refundable if cancelled 30 days before shuttle date, all cancellations are NON-Refundable less than 30 days before your date. All deposits and final payments are 100% refundable if we cancel due to water conditions, fire or river closures.
